STEM School Project

ABOUT AFRICAN VISION OF HOPE

MISSION:

African Vision of Hope is a Christian organization committed to bringing immediate and lasting solutions to children and families living in extreme poverty. We confront the root causes of poverty by providing opportunities to be educated, grow up healthy, develop leadership and economic skills and learn about God's love.

PROGRAM DETAILS

- Help Zambian students sustain a living for themselves and learn self-sufficiency.
- *Cultivating innovation* through one of the first true STEM schools in Zambia.

PROGRAM DETAILS CONT.

STEM School includes:

- Science
 - Using innovation to define economic growth and job creation globally.
- Robotics
 - Robotics Clubs have been established at 3 campuses where students are building robots, learning to program, and competing against each other.
- Technology
 - Shipping container has been converted into a technology lab.
- Agriculture
 - Teaching students to farm and raise chickens to help feed and sustain AVOH students, provide jobs, and create sustainable income.

UPDATES

- STEM School Construction is completed
- Continuing to try to fill their registry of much-needed items:

<https://www.myregistry.com/organization/african-vision-of-hope-stem-high-school-maryville-il/2827572/giftlist>

- "Our goal is to provide educational opportunities in math, science, technology, and robotics that will allow African Vision of Hope graduates to flourish."

THANK YOU!
